II. 9th Grade On Track Presentation

Superintendent Jeffery introduced Vice Principals Ian O'Brien and Sean O'Malley. They began reviewing their power point (attached to minutes).

A lot of things are already being done but there is no system developed around it. Now, they have begun to develop and implement a system and have already seen positive results.

Superintendent Jeffery noted that this system is being developed because of the board, who allowed the District to hire two more administrators to put the change in motion. In 3¾ years from now we will see how this change affects the student population.
